2.6.1 - Orientation Session on PO, PSO, CO

Orientation Session for Students

Programme Outcomes (POs) and Course Outcomes (COs) for all programmes are effectively communicated to students by the Head of Department (HOD) and course coordinators during the orientation session held at the beginning of the academic year. This session is designed to provide students with a clear understanding of the knowledge, skills, and competencies they will acquire throughout their academic journey. The HOD introduces the overarching Programme Outcomes, which outline the key objectives and professional competencies each programme aims to develop, while course coordinators provide specific details on Course Outcomes, helping students understand how each course contributes to their overall academic and career goals. This structured approach ensures that students start their studies with a clear roadmap of their learning objectives and expected outcomes.

03-07-2022 to 07-07-2022

VENUE: CARMEL AYURVEDA VILLAGE, BHOOTHATHANKETTU

RESOURCE PERSON: MR. BENNY KURIAN LIFE SKILLS TRAINER, HR CONSULTANT AT SYNERGY HR SOLUTIONS, COCHIN.

ORGANISED BY: INTERNAL QUALITY ASSURANCE CELL (IQAC) & SANTHIGIRI INTERDISCIPLINARY RESEARCH CENTER (SIRC) ORGANISES

A five-day Faculty Development Program (FDP) on Outcome Based Education (OBE) was held from July 3 to 7, 2022, at Carmel Ayurveda Village, Bhoothathankettu

, organized by IQAC and SIRC. The workshop was led by, Benny Kurian, Life Skills Trainer, HR Consultant at Synergy HR Solutions, Cochin. and focused on essential aspects of curriculum design, mapping, and result analysis. The sessions aimed to equip faculty with strategies to align their teaching practices with OBE principles.

The FDP provided an in-depth understanding of curriculum alignment, assessment strategies, and the importance of data-driven decision-making in enhancing student learning outcomes. Faculty members actively engaged in discussions about mapping learning outcomes to assessments and using results to refine their teaching methods. The emphasis on student-centered education helped faculty rethink their approach to fostering meaningful learning experiences.

The event concluded with a commitment from faculty to implement OBE principles in their classrooms and a plan for follow-up workshops to monitor progress, share best practices, and further develop outcome-based strategies in their teaching.
