Circular: Mentor-Mentee Assignment

Dear Students,

We are pleased to announce the implementation of a **Mentorship Program** aimed at providing guidance, support, and resources for your academic and personal growth throughout your time at Santhigiri College of Computer Sciences.

Each student has been carefully paired with a mentor who will offer personalized support and assistance in your journey.

Objectives of the Mentorship Program:

- To foster personal and academic growth
- To create a support network within the institution
- To offer guidance on career development and skill-building
- To create a space for regular communication and feedback

All students are requested to actively participate and engage with their assigned mentors. Regular check-ins and discussions with your mentor are encouraged to ensure the success of this program.

If you have any questions or concerns about the mentor-mentee pairing, please reach out to the Mentorship Program Coordinator, Ms. Manju P.K, Department of Commerce.

We look forward to your active participation in this enriching experience.

Warm regards,

Principal
Santhigiri College of Computer Sciences.
