MEMORANDUM OF UNDERSTANDING

Between

SPECTRUM SOFTTECH SOLUTIONS PVT LTD, KOCHI

AND

SANTHIGIRI COLLEGE OF COMPUTER SCIENCES, VAZHITHALA

PREAMBLE

This Memorandum of Understanding (hereinafter referred to as MoU) is made and entered into on this 01-06-2019 at Ernakulam by and between Spectrum Softtech Solutions Private Limited and Santhigiri College of Computer Science and its Computer Science Department. It is the purpose and intent of the parties hereto that this Agreement will enrich the curriculum development of Undergraduates and Post Graduates. Spectrum Softtech Solutions Pvt. Ltd. is a global software development company providing IT solutions to enterprises worldwide. Spectrum is the first private sector IT park in the State of Kerala, functioning in close association with our US counterparts M/S Spectrum Software Solutions Inc. and Spectra Medi at Syracuse, New York, USA. For Indian operations, we own a State-of-the-Art 55,000 sq.ft. IT Park as Corporate Office at Kochi, Kerala. STEPS was formerly introduced in 2008 as an internal training wing of Spectrum Softtech Solutions Pvt. Ltd. with an objective of providing IT technical training and skill-development programs to College Students and professionals. Being the internal training division of Kerala's, STEPS was fully equipped with the state-of-the-art technical infrastructure and the service of highly-experienced IT professionals.

of a confidential nature, is the exclusive property of the latter and has been or will be disclosed to the former solely with the purpose of enabling the full accomplishment of the present Agreement. For this reason, every piece of information provided by one party to the other before signing this Agreement and/or during its performance must be kept confidential and therefore may not be disclosed to any third parties.

13. AMENDMENTS:

The parties may amend or amplify this Agreement through agreements in writing to that effect. Said amendments or additions will be binding on the signatories as of the date of their signature. The parties may not assign, in whole or in part, the performance of the present MoU to any third party, except through prior and express authorization in writing by both of them.

And since both parties are in agreement regarding the content of the present document, and as a token of conformity, we sign it in two counterparts, both of which will be considered originals.

St.George's College, Aruvithura and Santhigiri College of Computer Sciences will help each other in the following areas:

- Will help each other in the skill oriented programmes for students and teachers
- Faculty exchanges and sharing of resources such as lab and other infrastructure.
- Will organize training programs/workshops for the Curriculum development
- Skill based certification courses that are left to the choice of the two parties
- Both parties will propagate goodwill and trust by possible means

In continuation to the above, any other areas of co-operation that may arise from time to time would be taken into consideration with mutual consent. This understanding will be reviewed every five years and will be revised in case of necessity. It is agreed between the parties that whatever information is shared between the two shall be treated as strictly confidential.

THE REPORT ON SEMINAR:
“DATA ANALYSIS”

Name of Programme	Seminar: DATA ANALYSIS
The objective of the program	The objective of this program is to give an idea an students got aware about the work for under graduate students .
Date Conducted	18/02/2024
Venue	SEMINAR HALL
Organized By	Department of Computer Science
Associated with Industry	Spectrum Soft Pvt ltd ,Kochi
No. of days	1
Time and Duration	10.00 AM – 12 PM
Target Students	S3 BCA
No. of students participated	88
Outcome of the Program	A data analysis outcome summarizes the insights and findings derived from analysing a dataset. It identifies key patterns, trends, and relationships within the data, helping stakeholders make informed decisions. For instance, an analysis of customer purchasing behaviour might reveal peak shopping times, popular products, and factors influencing purchase decisions. Such insights enable companies to tailor marketing strategies, improve customer experience, and optimize inventory. An outcome might also include predictions, such as forecasting sales growth or potential risk areas.
