ETEREO'23

College day 'ETEREO'23' was conducted on 27 January 2023 at indoor stadium. The function began with an energetic prayer dance from the college dance club, which gave a stunning beginning to the celebration. Mr. Joe Meenam Kunnel, President and CEO JTSi Global, USA, Fr. Dr. Cherian Kunianthodath CMI, President Kalabhavan and Mr. Jojo Jose (Cine Artist) were present as the guests for the celebration. All the students and teachers were also invited to the function.

The programme was inaugurated by lighting the lamp by the guests. Their presence and words were very inspiring and eye-opening for all the students. The principal shared the achievements of the college through the annual report of the past year. After that, prizes were distributed in various fields like sports, arts and academics. The inaugural function ended with Santhigiri Anthem. Following that, cultural programmes were started. There were marvellous performances from the students of different classes as per their interests and talents. After that, adding flavour to the function, there was a band performance from 'ASTRA 13' team.

Blood donation camp in association with IMA

The primary objective of the blood donation camp organized by the National Service Scheme (NSS) is to promote voluntary blood donation among students and the local community, thereby ensuring a sufficient and safe supply of blood for medical emergencies. The camp aims to raise awareness about the critical need for blood donations, engage youth in social responsibility, and foster a culture of altruism and community service. By

facilitating this event, we seek to strengthen community bonds, support local healthcare initiatives, and encourage healthy habits among participants. The program was conducted on 02/02/2022.

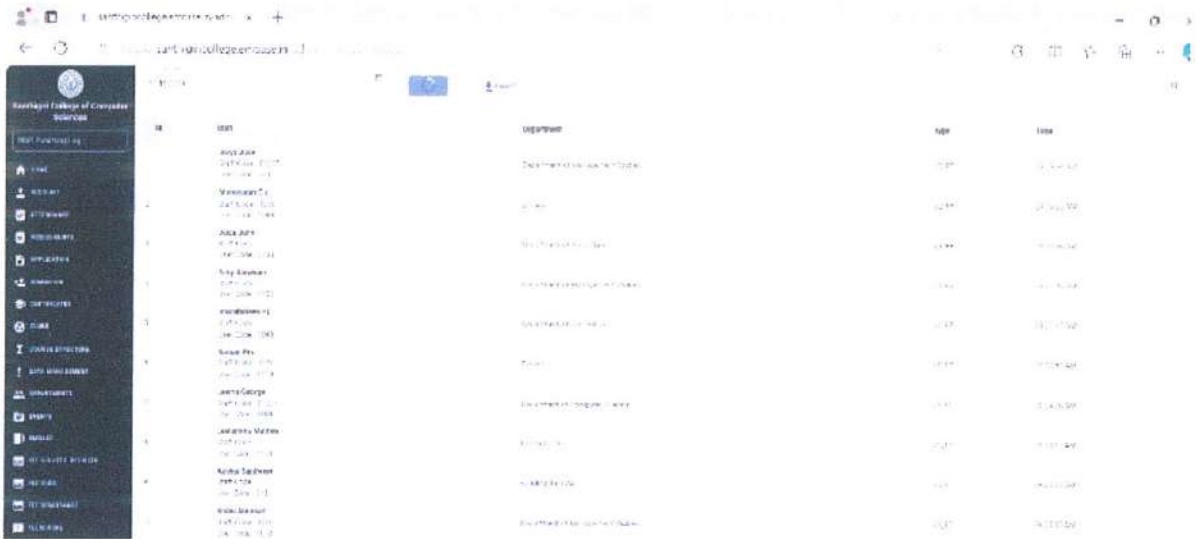

Embase – New Module Details 2022-2023

Staff Punching System in Our College: Embase Staff Punching System is a vital tool for maintaining accurate attendance records and promoting accountability. Punching ensures that the login and logout times of staff members are recorded systematically, fostering punctuality and providing a transparent attendance management process.

PRINCIPAL

The **Assessment Report** system in Embase plays a crucial role in evaluating student performance and maintaining academic integrity. The Assessment Control feature allows for the seamless management of assessments by enabling the addition of new assessments, the publishing of results, and the activation or deactivation of important functions such as mark entries, attendance tracking, and course term specifications.

Mark Entry is another crucial feature, enabled only when the admin allows it, giving control over the assessment process. Once all marks are entered, teachers can finalize the reports with administrative approval. Course-wise Performance feature allows the generation of internal assessment reports for each course, ensuring clear insight into student outcomes.

The **Rank Calculator** helps set up ranking criteria for each batch by selecting internal assessments, while the Rank List function generates and publishes the final rank lists, contributing to transparency and fairness in student evaluations.

Embase **Parent Login** parents can monitor grades, view assignments, and track attendance, fostering a transparent relationship that encourages active involvement in their child's education.

Staff Leave in Embase

This functionality enables staff to apply for leave effortlessly while allowing administrators to approve or reject requests efficiently. This platform provides a comprehensive leave application form and maintains records of approved and rejected leave. By facilitating transparent communication and efficient processing of leave requests, the Staff Leave feature enhances organizational productivity and supports the wellbeing of staff members.

IDEA Club and Santhigiri Hub for Innovation and Promotion (SHIP)

Santhigiri College boasts a well-established incubation center, known as the Santhigiri Hub for Innovation and Promotion (SHIP), operational since 2017. Officially inaugurated by Mr. Anoop Ambika, CEO of Kerala Startup Mission, on February 10, 2023, SHIP serves as a vital support system for budding entrepreneurs and startups affiliated with the college.

The Intelligent Design and Evolution Awareness Club (IDEA Club) focuses on generating and developing creative ideas, fostering innovation, and providing a platform for students to collaborate on various projects and initiatives.

Projects: As of now, SHIP oversees few ongoing projects, indicating its active involvement in fostering innovation and entrepreneurship within the college community. The following are the **main events** organized in this year.

Idea Proposal Contest To identify the students' innovative ideas and interest on different areas. This initiative underscores their commitment to cultivating a culture of creativity, innovation, and collaboration among students. The contest aimed to gather in-depth insights into the diverse needs and goals of students, ensuring that future endeavours.

Star of Santhigiri 2023

Santhigiri College of Computer Sciences was established with the powerful vision: “Awakening to the Future”. Here we focus on the holistic and integral development of the individual, so beyond the academic we give a better attention to the non-academic activities for developing their extracurricular talents.

Talents are the beautiful gifts of God. God has bestowed every individual in this world with unique skills and talents. Some talents are in-born whereas some need to be sharpened and brought to perfection by training. Very few individuals explore themselves and find out the talents hidden within them. The **Star of Santhigiri** program however encourages the unique stars to come to light. It provides an opportunity among the students to explore the uniqueness in themselves which indeed helps the budding talents to flourish and grow in their self-esteem and passion. It aims at the upliftment of the extra-ordinary from the ordinary.

Different Rounds conducted in Star of Santhigiri are

1. Talent round-First selection round
2. Grooming Section
3. Second selection
4. Semi final
5. Final

The first round of Star of Santhigiri 2023 was held on 10th and 11th of January. There were 65 candidates at the initial stage. The round was based on talent. Each candidate got a chance to express their talents in a most creative way followed by which 25 students were selected to the next round.

International Conference On Advanced Computing and Communication Technology

10 FEBRUARY 2023

CALL FOR PAPERS

About ISACC

The conference aims to provide an international forum for scientists from among researchers, students, and faculty. It provides a central platform to discuss their research work and to report on progress. The College of Computer Sciences is also keen to promote an international interface to address regional and national as well as global issues and to maximize applications. After four successful editions, the conference will be published in an online journal.

- Natural Language Processing
- Computer and Information Systems
- Intelligent Systems, Robotics

Training & Placement

Objectives of the Cell

The placement, training, and progression cell is responsible professional development and career advancement of students in our college. The placement, training, and progression cell aims to enhance students' employability, develop their professional skills, and ensure a smooth transition into the professional world.

Major Responsibilities

- Placement Assistance- Coordinating the entire placement process
- Industry Relations: inviting Companies for campus recruitment drives, inviting industry experts for guest lectures, organizing industry visits, conducting networking events.
- Training Programs: Resume writing, interview preparation, group discussions, aptitude tests, and technical skill development. Students are trained by internal/external trainers or industry professionals to conduct these programs.
- Internship Coordination: Assists students in finding relevant internships that align with their career goals.
- Alumni Relations: Alumni can contribute by sharing job opportunities, providing industry insights, and mentoring current students.
- Data Management and Analysis: Maintains records of student profiles, placement data, and industry feedback that data will be analysed to identify trends, assess the effectiveness of training programs, and enhance future placement strategies.

NPTEL 2022-2023

Participants can learn and explore new technologies and acquire a certificate from IIT after the successful competition. One of the basic objectives of NPTEL is to bring all the best teachers in the country under the umbrella of NPTEL and to collaborate with IITs and IISc to record the lecture and make their courses available to the communities of the country under the agreement of the free and open source.

In our campus we are providing NPTEL as add on course as the students will get certificates from the best institutes in India. Students should opt for 8 weeks or 12week NPTEL course, not promote 4-week courses.

Student should submit assignments every week and its 25 marks for assignment and 75 in final examination. Students need to get a 40 percentage of marks in each category to get certification. Tutors or Mentors of each course will monitor the progress of students and the t mark obtained in NPTEL.

NPTEL Online Certification
Facilitated by the MRC, Govt. of India

The certificate is awarded to
ANUMOL JOSE
for successfully completing the course

Data Base Management System
with a consolidated score of 41 %

Online Assignments 10.21/25 | Proctored Exam 30.75/75

Total number of candidates certified in this course: 3478

(8 week course)

Prof. Dejan Chetani
Course MRC

Indian Institute of Technology Manager

NATIONAL PROGRAMME ON TECHNOLOGY ENHANCED LEARNING

NPTEL

10/2022

To,
 The Principal,
 SANTHIGIRI COLLEGE OF COMPUTER SCIENCES,
 VAZHITHALA P. O., THODUPUZHA,
 KERALA, INDIA.

Dear Sir/Madam,

Sub: Regarding NPTEL-ASSISTED Local Chapter in your college.
Learning Mode via NPTEL Office

This is to acknowledge the receipt of your letter regarding the NPTEL-ASSISTED Local Chapter in your institution.

The Single Point of Contact (SPOC) recommended from your college is:

Name of SPOC: ANUMOL JOSE
 Designation: ASSISTANT PROFESSOR
 Department: DEPARTMENT OF SCIENCE
 Contact No: 9847527412
 E-mail id: anamoljose@santhigiricollege.com

The link to software used for all NPTEL course videos related to NPTEL courses and online content will be made to the above mentioned SPOC. The user will be provided a detailed login for NPTEL content on individual basis. We would like to request you to provide the details.

We would suggest to check the a dedicated NPTEL NPTEL-ASSISTED Local Chapter page is being created and your course is still in a process page on it. <https://www.nptel.ac.in/npTEL-ASSISTED>

Thanking you,

Signature

 Prof. Anand Changan

Holistic and Mentoring

Holistic

Holistic education is the College Certified (Add on Programme) Life Skill Education Programme offered by Santhigiri College which is mandatory for all Under graduate students. According to the time table there should be holistic classes based on syllabus for 3rd Semester UG Classes. In the academic year 20222023 the name of the programme will be “Life Skill and Holistic Education”. Syllabus, Result publication and certificate distribution will be completed by holistic cell.

Mentoring

Mentoring will be provided all students of Santhigiri College. Mentors are required to meet their mentees at least 2 times in a semester. Every year training will be provided for mentors to carry out mentoring efficiently. Mentors should enter mentoring details in Embase Pro Suit. Faculties are required to keep records confidentially and end of each academic year submit to the mentoring cell. The personal skills, Interpersonal Skills, Societal Skills, Health and Hygiene are the various courses under holistic education.

FDP - 2022-23

The details of the list of professional development and administrative training programs organized for the faculty members and non-teaching staff for the academic year 2022-23.

SESSION ON OUTCOME BASED EDUCATION

A five-day Faculty Development Program (FDP) on Outcome Based Education (OBE) was held from July 3 to 7, 2022, at Carmel Ayurveda Village, Bhoothathankettu, organized by IQAC and SIRC. The workshop was led by, Benny Kurian, Life Skills Trainer, HR Consultant at Synergy HR Solutions, Cochin. and focused on essential aspects of curriculum design, mapping, and result analysis. The sessions aimed to equip faculty with strategies to align their teaching practices with OBE principles.

The FDP provided an in-depth understanding of curriculum alignment, assessment strategies, and the importance of data-driven decision-making in enhancing student learning outcomes. Faculty members actively engaged in discussions about mapping learning outcomes to assessments and using results to refine their teaching methods. The emphasis on student-centered

education helped faculty rethink their approach to fostering meaningful learning experiences.

The event concluded with a commitment from faculty to implement OBE principles in their classrooms and a plan for follow-up workshops to monitor progress, share best practices, and further develop outcome-based strategies in their teaching.

SESSION ON STRESS AND TIME MANAGEMENT

A five-day workshop on Stress and Time Management was held from October 11 to 15, 2022, at Bede Memorial Hall, organized by the Department of Psychology in collaboration with IQAC and SIRC. The program aimed at helping faculty members better manage stress and time in their professional and personal lives. The session was led by Ms. Nimmy PG Counselling Psychologist, Assistant professor Christ college Autonomous, Irinjalakuda who brought her expertise in psychology to address the challenges of stress in modern education.

The workshop began with an introduction to the current educational structure, highlighting the growing need for continuous knowledge updates and the pressures of balancing work and personal life. Dr. Thomas explained the common causes of

stress in the workplace and demonstrated techniques for managing time effectively. The sessions included practical exercises and fun activities that helped participants experience stress relief in a relaxed and interactive environment.

 KERALA. PIN - 685 583

Overall, the program was highly beneficial for all faculty members, providing them with practical tools to manage both job-related and personal stress. The combination of theoretical insights and engaging activities left participants feeling more motivated, empowered, and better equipped to manage their time and reduce stress in their daily lives.

SESSION ON STATISTICAL ANALYSIS WITH SPSS

A five-day workshop on Statistical Analysis with SPSS was held from November 8 to 12, 2022, at Bede Memorial Hall. The event, organized by the Department of Commerce in collaboration with IQAC and SIRC, aimed to equip faculty members with essential skills for research and data analysis. Dr. Stalin J, Head and Assistant Professor at Ave Stella Maris College led the sessions focusing on practical applications of SPSS, a widely used tool for statistical analysis.

The workshop began with an introduction to statistics and data entry in SPSS, followed by detailed explanations on hypothesis formation and variable types. Participants were guided through key statistical tools such as regression and correlation, with hands-on practice using SPSS for data analysis. The sessions also

covered ANOVA, F-tests, and t-tests, explaining how to interpret the results effectively. By the end of the workshop, faculty members were well-versed in utilizing SPSS for research purposes.

VAZHITHALA . P.O , THODUPUZHA - 685 563 , KERALA , INDIA

Overall, the program was well-received by the faculty, especially those pursuing Ph.D. degrees. It provided them with a comprehensive understanding of statistical analysis using SPSS, which is crucial for their research endeavors. Participants expressed interest in further sessions to deepen their knowledge of statistical tools and analysis techniques.

KOHA – LIBRARY SOFTWARE

The KOHA training workshop was held from February 10 to 12, 2023, at Bede Memorial Hall. Organized by IQAC and SIRC, it aimed at enhancing faculty members' knowledge of modern library management technologies. Dr. Mathew Stephen from KUFOS, Kochi, served as the resource person for the program.

The focus of the workshop was on KOHA, an open-source integrated library management system. Dr. Stephen demonstrated its practical applications, including

cataloging, circulation, and data management. The training provided faculty with hands-on experience, ensuring they understood how to apply KOHA in their academic and administrative tasks.

The workshop was highly beneficial for the teachers, improving their professional skills in areas such as research, resource management, and digital literacy. The knowledge gained from the program equips them to efficiently handle academic materials and adopt a tech-savvy approach to library and knowledge management.
